No.RT-11036/29/2025-MVL-Part(1)
Government of India
Ministry of Road Transport and Highways
(MVL Section)
Transport Bhawan, 1, Parliament Street, New Delhi-110001

Dated the 21st July, 2025

To,

The Principal Secretary / Transport Commissioner of all States / UTs

Subject: Capturing of Updated Mobile Numbers in VAHAN and SARATHI Databases – reg.

Sir/Madam,

I am directed to say that it has been observed that a significant number of vehicle owners and driving license holders have not updated their mobile numbers in the VAHAN and SARATHI databases. As a result, important service-related alerts, statutory notices, and other critical communications are not reaching the intended recipients, thereby hindering timely compliance and necessary action.

2. In light of the above, the National Informatics Centre (NIC) has been entrusted with the task of capturing and updating communication details, particularly mobile numbers, of vehicle owners and driving license holders. This will help ensure accurate and timely dissemination of information and improve service delivery through the Transport National Register.

3. With the approval of the competent authority, the banner has been finalized for use during the three-month Mobile Update Drive, aimed at encouraging citizens to update their mobile numbers through Aadhaar authentication on the Transport Portal (<https://parivahan.gov.in>). NIC has been directed to implement the necessary changes on the portal and backend systems to enable secure entry, storage, and verification of the updated mobile numbers.

4. All States/UTs are requested to actively support the Mobile Number Update Drive by publicizing it through appropriate channels in their respective State/UT. Accordingly, concerned RTOs may be asked to motivate and assist citizens in updating their Aadhaar-linked mobile numbers via the Transport Portal. States/UTs are also requested to consider displaying the approved banner on State portals and at key public-facing touchpoints. States/UTs are encouraged to join in this initiative by aligning it with their ongoing outreach activities to enhance citizen participation.
